

# Langley Research Center Safety Alert

SA-01-91

Date: December 27, 1990

TO: All Facility Safety Heads  
All Facility Coordinators

FROM: 429/Safety Manager, Head, Safety Engineering Branch, SSQRD

SUBJECT: Langley Research Center-Wide Potentially Hazardous  
Materials Inventory Up-date

Langley Handbook 1710.12, Potentially Hazardous Materials, tasks  
Facility Safety Heads or Organizational Facility Safety Heads with the  
following responsibilities for control of potentially hazardous materials:

1. The supervision and coordination of procurement, use,  
storage, and disposal of potentially hazardous materials.
2. Maintenance of an inventory of such materials.

In order to comply with EPA regulations, a Center wide inventory of  
potentially hazardous materials must be maintained. Facility Safety  
Heads are requested to submit their potentially hazardous materials  
inventories to this office by January 31, 1991. The format on the back of  
this announcement is to be used and should be copied as necessary.  
Questions regarding this activity may be directed to Mr. Bob Brown, at  
extension 43609.
